COUNTY INFORMATION SHEET**

NAME OF COLUMN	DESCRIPTION OF COLUMN HEADING
County	List of all California counties
Consortia Source System	The consortia or source system that provides WDTIP with data for the county.
Estimated Conversion	Counties are considered converted to WDTIP when they have sent county data to the WDTIP database also known as Tracking Recipients Across Counties (TRAC.) Pending* will display when conversion date is not scheduled. *If a county shows pending conversion, this means there is no county-supplied information in the database.
Conversion Option	Counties were given three conversion options: Option 1 consists of populating data in WDTIP from the earliest start date that could be provided by the county (after 12/96.) WDTIP would be populated with the new data provided directly by the county. If county could not provide data back to 12/96, then the database would be populated with Pre-SAWS information (a database that was developed prior to WDTIP that contained time-on-aid information). Option 2 consists of populating all data from the county systems back to 12/96 and deleting all county specific data on individuals. Option 3 consists of populating all data in WDTIP from the county systems back to earliest data available by Client Information Number (CIN) and deleting all county specific data on individuals. All data from the time of conversion forward would be deleted and populated with the new data provided directly by the county. If county could not provide data back to 12/96, then the database would be populated with Pre-SAWS information.
Out-of-State Aid	A county can send a transaction to WDTIP that shows a client has been on aid in another state and moves to California. There are two options: Y – Yes county can send data and N – No county cannot send data.
DIVERSION	A county can send a transaction to WDTIP who shows a client that has received a diversion payment. There are two options: Y – Yes county can send data and N – No county cannot send data.
Child Support	A county can send a transaction to WDTIP that shows child support reimbursement information from a county. There are two options: Y – Yes county can send data and N – No county cannot send data.
